best running shoes, After a few previews to close out 2015, the Nike Sock Dart has officially arrived in "Gym Red." These are perfect for sneakerheads who missed out on last summer's "Independence Day" collection, or those who prefer a little contrast to break up the all-red look. They're built with a "Gym Red" mesh upper, cushioned with a white midsole, and support by a transparent forefoot strap. If all goes as planned, this "Gym Red" make up will soon be joined by grey and navy blue pairs with similar color blocking. For now, the "Gym Red" colorway is beginning to arrive at U.S

www.placestoplay.co.uk, albeit in a lower key style, the Free edition features trademark NikeSkin and a Free outsole for a smooth transition to land off-pitch. Launched as a key part of a wider collection of clothing and footwear, the Neymar Free Hypervenom II is more evidence that the brand are elevating the Barca man higher as they move into the new year. The insoles host the same heart and hand 'Ousadia' and 'Alegria' artwork as the boots with the left and right shoe sharing a word each on the heel. Not sure what they mean? We'll let the Brazilian forward clear it up. "I associate 'Alegria' with the joy of living and playing football, which I love most, and 'Ousadia' in having the audacity to do something different, which people don't expect to see." Now you know.

nike free run 2, Nike Basketball has a special make up of the Kyrie 2 ready just in case. Seen here is a first look at the "All-Star" Nike Kyrie 2. Much like fellow Cleveland Cavalier LeBron James' All-Star sneaker, this Kyrie 2 sees a return of the Velcro patch concept that Nike used on many of last year's Air Max releases. The removable patches offer a number of ways to customize the sneakers, which appear to sport a yellow Hyperfuse base and a black support strap.
